

# RISING STAR MINI WORKSHOP

## DECORATIVE FOLDED STAR

\*\*\*\*\*

Learn to make a decorative Folded Star or use as an ornament. Can be used as a gift or a decorative window display or on a package

Materials List: You need 16 - - 5” squares that are either color coordinated or theme coordinated. A 5” charm package will also work and a charm pack will do 2 folded stars.

You start with a 3” muslin circle -- 2 pieces stitched and then stuffed with batting – (loosely)

After your 5” squares are cut and folded the right way, which I will demo at the workshop, you will be ready to sew the triangles onto the circle and form the star.

You also need a heavy needle to go thru the many layers of fabric as well strong thread. You also need 2 decorative buttons. If you prefer to hang this ornament, you will need a 12” coordinated ribbon to hang.

Enjoy – see you at demo night.
