Half and Half Quilt

(from Missouri Quilt Company) Block B (place colored squares at center)

Finished Single Block Size: 12 inches. Do not square up at the end. Please use quality 100% cotton quilting fabric and ¼ inch seams.

For this block you will need:

· In the kit is a 10-inch square of light fabric

 you will need to provide a contrasting 10-inch square. Think spring florals, to counter the winter's cold!

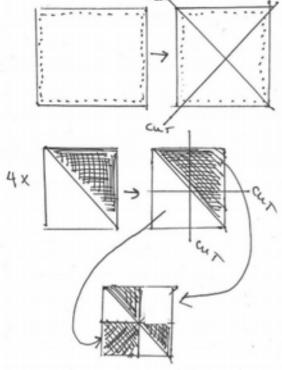

Instructions: Start with two 10-inch squares (one of your own and the one from the kit). Put right sides together, sew around the edge of the squares with a ¼ inch seam. Cut the square on the diagonals to get four half-square triangles. Press open.

Square the half-square triangles to 6 1/2 inches each

Take each of the half-square triangles and cut into four 3 inch pieces – two solid and two small halfsquare triangles. This will make a four-patch.

Swap or exchange the position of the solid color squares on each four-patch.

Now sew each four-patch to get four four-patches. Match the dark or colored squares at center, and sew together to get one block.
